

PUSHPAK SHARAD CHOPADEKAR

Java Full Stack Developer | Software Engineer

+91 7387416715 | pushpakchopadekar@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on Java Full Stack development experience gained through a full-time Software Engineer role and an internship. Skilled in Java, Spring Boot, Hibernate, REST APIs, React.js, and MySQL. Built full-stack applications with JWT Authentication, Role-Based Access Control (RBAC), and database integration. Seeking a Java Developer / Java Full Stack Developer role to contribute to software development.

TECHNICAL SKILLS

Programming Language: Java (OOP, Collections Framework, Exception Handling)

Backend Technologies: Spring Boot, Spring, JDBC, Hibernate, REST APIs, JWT Authentication

Frontend Technologies: React.js, HTML5, CSS3, JavaScript, Bootstrap

Databases: MySQL, Firebase

Tools & IDEs: GitHub, Postman, Eclipse, IntelliJ IDEA, VS Code, Cloudinary, Maven

PROFESSIONAL EXPERIENCE

Software Engineer — Accure Softech Pvt. Ltd., Pune (Remote/WFH)

Oct 2025 – Jul 2026

- Worked as a full-time Java Software Engineer, contributing to frontend and backend development using Java, Spring Boot, React.js with several database.
- Built the Career-Portal application after training — a full-stack job portal with Spring Boot, Hibernate, and React.js, using JWT authentication and role-based access control.
- Contributed to live internal projects by developing UI components, dashboards, and feature modules under the team lead's guidance.
- Followed coding best practices and resolved application issues during development.
- Gained hands-on, real-world development experience before the organization shut down operations.

Software Developer Intern — Pawar Technology Services, Pune

Jan 2025 – Jul 2025

- Developed responsive user interfaces using React.js and reusable components.
- Integrated frontend modules with Spring Boot REST APIs.
- Worked with MySQL and Firebase databases for data storage and retrieval.
- Participated in debugging and resolving frontend, backend, and database issues.

PROJECTS

Career-Portal — Full Stack Web Application | Accure Softech Pvt. Ltd. | Spring Boot, Hibernate, React.js, JWT, REST APIs, MySQL

- Developed a full-stack job portal with Candidate, Company, and Admin modules.
- Implemented JWT Authentication and Role-Based Access Control (RBAC).
- Built RESTful APIs using Spring Boot and Hibernate; integrated MySQL for user, job, and application management.
- Integrated Cloudinary for resume and profile image uploads; developed a responsive React.js frontend.

GitHub: github.com/pushpakchopadekar/Career-Portal

JewelPro Billing System | React.js, HTML/CSS, Firebase

- Developed a billing system for jewelry retailers with automated GST and invoice calculations.
- Implemented Admin and Staff role-based authentication.
- Generated downloadable PDF invoices using jsPDF.
